**HAITI RELIEF EFFORTS**

The American Red Cross is sending money, supplies and staff to Haiti to support relief efforts there after Tuesday's earthquake, which caused catastrophic damage and loss of life. **The public can help by texting "HAITI" to "90999" and a donation of \$10 will be given automatically to the Red Cross, charged to your cell phone bill, through an effort backed by the U.S. State Department.** Funds will go to support American Red Cross relief efforts in Haiti. You can also make a donation by calling 1-800-REDCROSS or 1-800-257-7575 (Spanish).

**WORSHIP CENTER**

You may have noticed over the past week some construction going on in the worship center. Our platform was having some work done to it in order to fix some weak spots we had encountered during the past year. The good news is that this project will not add to the overall amount owed on the worship center remodel.
