

IT'S ALL ABOUT LOVE

FEBRUARY 22, 2009
PASTOR JON TACOMA

For discussion and reflection:

Love must be the guiding spirit and the goal of all that we chose to do and engage as followers of Christ. And it must be the measure we apply to ourselves when we ask whether or not we are growing in our faith.

In the time frame of the last six months or so, am I less moved away and more toward people despite their behaviors? Am I more able and happy to release my own wants for the needs of others? Is more of my time filled with involvement with who Jesus wants me involved with? Am I making more and more decisions based on the leading of the Holy Spirit and Am I more reflective and intentional about what the Father wants for me and others than I have been?
